Sir,

With reference to your letter No.L.3432-6, dated 11th November 1925, I have the honor to submit the following report on the points relating to ~~my department~~ the Medical Department, raised in the Dewan's Tour-Notes of July 1925.

Points noted.	Explanation, etc.
DEVANHALLI.	
1. Midwife's work not satisfactory.	Whenever the cases attended to by a Midwife happens to go on decreasing in number, her explanation is called for and suitable orders passed. It is very difficult to expect these midwives to conduct more than about 50 % (as in the present instance) of the cases of labour in a locality, so long as there is no sort of restriction on the people calling in the aid of Dayees who abound in every village. Every attempt is, however, being made to see that midwives show better work.
2. No proper system to check.	Reports of work done by midwives are always subjected to verification and check by the local revenue authorities, and are not accepted by this office unless they bear the countersignature of the local Amildar in token of such verification. Cases of non-compliance by any midwife of a demand ~~on~~ for her services have to be brought to the notice of the authorities by the aggrieved parties. When so brought to notice, they are enquired into and proper notice taken.
3. No record of infantile mortality maintained.	The Register of Vital Statistics is not maintained at the Dispensary and the Sub Assistant Surgeon has no charge thereof. It is maintained in the Municipal Office. Statistics relating to infantile mortality

Points noted.	Explanation, etc.
	mortality will not, therefore, be available in any of the Local Fund Dispensaries in the State. xxxx

Office of the Senior Surgeon in Mysore,

Bangalore, dated, 16th July 1925.

No. C. 1794 -2;

Dear Sir,

At the request of the Deputy Commissioner, Bangalore District, I beg to submit the following information to Gove nment regarding the building offered by one Mr. Yele Krishnappa for the use of the Dispensary at Devanhalli.

I inspected the building in January last and informed the owner that, with slight alterations which he promised to do, the dispensary could be shifted thereto, and the present dispensary building could be used as an in-patients' ward for which it was more suitable. I enclose a copy of my letter written to the Inspector -General of Education on the subject.

I also enclose a copy of letter No. 47 dated 14-7-1925, written to the Deputy Commissioner by the District Medical Officer of the Bangalore District, which speaks for itself. The situation is rather peculiar one. Mr. Krishnappa is reported to expect a refund of a sum of Rs.1,700 held by Government as a deposit for converting the building into a Reading Room, before executing the necessary repairs and alterations to make the building suitable for a dispensary, Mr. Krishnappa's written statement agreeing to hand over the building for dispensary purposes has been sent to the Deputy Commissioner by the District Medical Officer. Beyond this statement, there is no other document securing the gift of the building to Government.

Yours sincerely,

sd.B.Md Usmon,
Senior Surgeon.

Sir,

With reference to your letter No.L.4857-9, dated 6th January 1926, calling for an early report on the points raised in the Notes of the Dewan's Tour in the Bangalore, Kolar and Tumkur Districts, forwarded with Official Memorandum No.C.1364-1925-G.M.59-25-1, dated 18th September 1925, I have the honor to invite a kind reference to my letter No.G.C.87-2, dated the 9th December 1925 in which a report was submitted. A copy of the same is now enclosed for ready reference.

3937 Dewan

As regards items 30 and 32 in the list of representations (pages 24 & 25) regarding the establishment of dispensaries at Gudemaranhalli and Solur, two villages in the Magadi Taluk, which are about three miles from each other, the District Medical Officer has been requested to ascertain the views of the District Board who will have to bear the cost in case a dispensary has to be opened in one of the places. My own opinion is that a dispensary at Solur, which is the more important place, will serve the needs of both the places, if a Midwife is also attached to the institution, as the wants of Gudemaranhalli are prevention of "many deaths from childbirth."

I have the honor to be, Sir,

Sir,

With reference to your letter No.G.6118-Med, dated 22nd February 1926, requesting me to submit a report on the further progress made in the disposal of the subjects referred to in the Dewan's Tour Notes in July 1925, I have the honor to state as follows.

Chintamani.

The battery belonging to the L. F. Dispensary was repaired and returned to the dispensary in January last.

The question of removing the Female Dispensary from the present unsuitable rented building is under consideration. The owner of the present building has offered another bigger building for the same rent. The matter will be decided in consultation with the local Boards after inspection of the building. In the mean while the place where a new building for the Female Dispensary should be constructed within the compound of the L.F.Dispensary has been shown to the Executive Engineer who has also been requested to get plan and estimate ready in consultation with the District Medical Officer.

Regarding the transfer of Mr. Yele Krishnappa's building to the Medical Department, the last reference from the Deputy Commissioner, Bangalore, addressed to Government (in reply to letter No.L.5027, dated 12th January 1926 on the subject) goes to show that the matter is pending the decision of Government on his recommendation for a cancellation of the original order sanctioning an estimate for a Reading Room and for the acceptance of the building as a gift to the Medical Department. A final disposal of the question by Government will enable the owner

Sir,

With reference to your letter No.G.8880-Med. dated 4-5-26, requiring a report on the further progress made in the disposal of the Medical subjects referred to in the Dewan's Tour Notes in July 1925, I have the honour to state as follows:

1. Better accommodation to the Female Dispensary, Chintamany.

The question of suitably enlarging the Local Fund Dispensary at Chintamany to accommodate the Female Dispensary also, has been referred to the Executive Engineer, Kolar Division, to prepare plans and estimates in consultation with the District Medical Officer. In the meanwhile, whether the institution should be retransferred to the old rented building, or shifted to a more commodious building offered by the owner of the present building on the same rent, is also being considered.

2. Mr. Yele Krishnappa's building at Devanalli to be used as Ward.

The orders of Government, requesting the Deputy Commissioner to settle the claim of Mr. Yele Krishnappa for the refund of the amount deposited by him for the construction the Reading Room, have been communicated to Mr. Krishnappa with a request to have some minor alterations needed to the building, to render it suitable for dispensary purposes, the present dispensary being used as a Ward. The Deputy Commissioner has also been requested to settle Mr. Krishnappa's claim as early as pos-
~~sible.~~

1) With reference to your letter No. G.10569/Med.87-25, dated 26th June 1926, I have the honour to report below the further progress in the disposal of the subjects referred to in the Dewan's Tour Notes in July 1925.

Female Dispensary at Chintamani.

2) The plans and estimates for the construction of a new building as desired by the Local Municipal Council, are still expected from the Executive Engineer, Kolar Division, to whom a reminder has been sent and the District Medical Officer, Kolar District, has also been instructed to take personal interest in the matter, and get the plan and estimates prepared as early as possible. I could not fix up my programme of inspections in the Kolar District till now. I shall take an early opportunity to visit Chintamani and settle the question of shifting the Female Dispensa to the bigger building promised by Mr. Seshagiri Rao, Pleader.

Mr. Yele Krishnappa's building to be used as a ward.

3) The question of refunding to Mr. Yele Krishnappa the sum deposited by him in connection with the construction of the Reading Room, does not appear to have been settled by the Deputy Commissioner. The District Medical Officer, Bangalore District, is, however, pressing the owner to execute the necessary alterations to the building for shifting the dispensary thereto.

Construction of Dispensary building at Vadigenhalli.

4) The Taluk Board and the Vadigenhalli Municipality having expressed their willingness to meet their quota, the Chief Engineer has been requested to have the necessary plan and estimates prepared by the Executive

Sir,

With reference to Government Proceedings No.G.7511-4/Med. 87-25-5 dated the 19th March 1926 accepting the offer by Mr. Yelekrishnappa of the Reading room building at Devanhalli to the Medical Department, I have the honor to state that Mr.Yelekrishnappa has given a statement before the Amildar, Devanhalli that his offer of the building to the Medical Department was for locating there the Local Fund Dispensary, and not the in-patient ward and that if the Government order is modified to that extent, he would execute the necessary deed of gift. It is also his wish that the In-patient ward should be located in the present Local Fund Dispensary building. But he has not said anything with regard to the repairs that he will have to execute to the building before it is fit for occupation for the Local Fund dispensary. The Amildar of Devanhalli has been directed to ascertain from Mr.Yelekrishnappa if he is prepared to execute the necessary repairs in accordance with the necessary instructions that may be given by the Senior Surgeon, who it appears, has inspected the reading room building. I have requested the Senior Surgeon to favour me with his opinion as to what has to be done to the building before it is converted into a LocalFund dispensary building.

In the meanwhile, I request that you will be so good as to

Sir,

In continuation of this office letter No.C-2-2642/25 dated the 2nd September 1926 requesting the modification of Government order No.G.7511-4/Med.87-25-5 dated the 19th March 1926 accepting the offer made by Mr. Yelekrishnappa of the reading room building at Devanahalli for locating the L.F. Dispensary, I have the honor to submit herewith copy of D.O. letter No.1 of 26-27 dated the 18th September 1926 received from the Amildar, Devanahalli taluk, stating that the building had been inspected by the President, District Board, District Medical officer and himself and that Mr.Yele Krishnappa had already let out on contract the execution of necessary repairs to the building as per instructions of the District Medical officer.

A copy of letter No.G.C.87-31 dated the 7th September 1926 received from the Senior Surgeon in Mysore in the matter is also enclosed. He has refrained from giving his opinion as to what repairs are necessary for the building until the claim of Mr.Yele Krishnappa for the return of his state loan bonds of the value of Rs.1700/- is settled. My predecessor in office the late Mr.B. Venkoba Rao had written to the Amildar, Devanahalli to return the state loan bonds to Mr.Krishnappa after the execution of the deed of gift by Mr. Krishnappa. The party has not raised any objection to the adoption of this procedure and has given a statement before the Amildar, Devanahalli to the effect that he would execute the necessary deed of gift after Government passes a modified order accepting the building for the location of the L.F.Dispensary.

D.O.No.1/26-27 dated 18th September 1926 from the Amildar, Devanahalli taluk, to the Deputy Commissioner, Bangalore District.

With reference to your D.O.letter No.C-2-2642/25 dated 2nd September 1926, asking me to ascertain from Mr. Yele Krishnappa whether he is prepared to execute the necessary repairs and improvements to the Reading Room building to make it fit for occupation for the Local Fund Dispensary, I beg to state that recently the District Board President and District Medical officer had gone over here and that Mr. Yele Krishnappa has been persuaded by all of us to make necessary adjustments and repairs to the building to make it fit for the location of the Dispensary therein in accordance with the instructions given by the District Medical officer in this matter. I am informed that Mr. Yele Krishnappa has let out the repairing work on contract and there is likelihood of the work being completed in a few days. I may also add that the District Medical officer expressed his mind to have the dispensary opened in the new building if possible in the first week of October 1926.

But before the owner undertakes to effect the necessary alterations and to hand over the building, he is understood to be anxious to get back his deposit of Rs.1700/- and on this vital point your letter is silent. Vide also letter addressed to you by the Secretary to Government, Medical and Agricultural Departments, No.G.1962-Med. 87-25-9 dated 19th August 1926.
